

NeatCharge

Humanscale®

NeatCharge

Now more than ever, businesses need seamless solutions that keep workers productive, efficient, and have fewer touchpoints. Humanscale's NeatCharge eliminates the need for cables and phone chargers on the desk, allowing for a neater work surface that is easy to clean.

NeatCharge is a simple yet sophisticated solution that enables devices to charge by simply placing them on the work surface. The charger's compact design subtly attaches to the bottom of the desk and accommodates work surfaces up to 1.18" thick.

Features

- No desktop touchpoints, simply place your mobile device on the desk to charge
- Wirelessly charge up to 10W of Qi-compatible devices
- Accommodates worksurfaces 0.6" – 1.18" in thickness
- Product dimension: 5.14 inch (130.6 mm) diameter, 0.58 in (14.73 mm) height
- Product weight: 7.94 oz (225 g)
- AC input: 100-240VAC 50/60Hz
- AC cable length: 44.8 inches (114 cm)
- Includes charging sticker for desktop placement

NeatCharge is mounted under the worksurface, directly below the location of the charging sticker

The charging sticker highlights area where your device will need to be placed for convenient charging

Simply place mobile device on the charging sticker to charge
